NEW ORLEANS, August 21.—Cotton.—The movement to-day has been restricted, being confined to a few scattering lots, intended for the completion of previously unexecuted orders. The market was sparingly supplied, and factors continued firm, although generally more willing to sell, but the bulk of the buyers held aloof throughout, the depression prevailing at New York and Liverpool, in connection with the improved tone of the crop accounts inducing the belief that prices will decline later in the month. Under these circumstances the day's transactions have been limited, smounting to barely 350 bales, taken by four brokers, at rather unsettled but unchanged prices, the market closing dull at quotations. New Orleans Market,

> New York Market. MONEY MARKET.

The New York Evening Post, of Thursday, August 22, There are no new features of importance in Wall street to-day. The prevailing feeling is one of dullness and depression, though there is no very positive reason for it except that money shows signs of rather more activity, and there is consequently a disinclination on the part of a large class of persons at the Stock Exchange to make engagements or purchases except at a concession from the ruling prices. a large class of persons at the Stock Archange to many engagements or purchases except at a concession from the ruling prices.

The loan market is easy at former rates, but there is a little more of activity in the demand for accommodation. Call loans are 324 for large amounts, and 425 for smaller ones. The discount demand is small, choice bills passing at 627. The flow of currency to the West continues, but the amount is not very large in the aggregate.

The stock market is unsettled. Governments are lower but close with a better feeling. Railroad shares opened weak, but toward the end of the morning's business quotations advanced, and there was more disposition

ons advanced, and there was more disposit PRODUCE MARKET. NEW YORK, August 22—Floure, &c.—The market for Western and State Flour is dull and irregular—all rades are lower—the decline being 10a15c on oid, and 15 50 on new. The inclement weather and large arrivals a 50 on new. The incidental weather and large sarvaing give buyers the advantage.

The sales are 6800 bbls at \$7 35a8 35 for Superfine State; \$9 10a10 70 for Extra State; \$8 00a10 85 for the low grades of spring wheat Western Extra; \$8 90a10 00 for shipping Ohio; \$10 10a11 50 for trade and family brands of Ohio, Michigan and Indiana, and \$11 75a14 50 for St. Youle arthray for St. Louis extras. DRUGS. CHEMICALS. ETC.

THE SALE OF THE PLANTATION BIT-TERS is without precedent in the history of the world. There is no secret in the matter. They are at once the most speedy, strengthening health-restorer ever dis covered. It requires but a single trial to understa this. Their purity can always be relied upon. They are composed of the celebrated Calisaya Bark, Cascarilla Bark, Dandelion, Chamomile Flowers, Lavender Flowers, Wintergreen, Anise, Cloverbuds, Orange-peel Snake-root, Caraway, Coriander, Burdock, 8.-T.-1860-X. &c.

They are especially recommended to clergymen, pub licspeakers, and persons of literary habits and seden tary life, who require free digestion, a relish for food, and clear mental faculties. Delicate females and weak persons are certain to find in these Bitters what they have so long looked for.

They purify, strengthen and invigorate. They create a healthy appetite.

They are an antidote to change of water and die: They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind. They prevent missmatic and intermittent fevers. They purify the breath and acidity of the stomach. They cure Dyspepsis and Constipation:
They cure Diarrhes, Cholers and Cholers Morbus.

They oure Liver Complaint and Nervous Headache. They are the best Bitters in the world. They make the weak man strong, and are exhausted nature's great The following startling and emphatic statements can

be seen at our office. Letter of Rev. E. F. CRANE, Chaplain of the 107th New Work Regiment: NEAR ACQUIA CREEK, March 4th, 1868.

Owingto the great exposure and terrible decomposition after the battle of Antietam, I was utterly prostrat ed and very sick. My stomach would not retain medi cine. An article called Plantation Bitters, prepared by Dr. DRAKE, of New York, was prescribed to give me strength and an appetite. To my great surprise they gave me immediate relief. Two bottles almost allowed me to join my regiment. * * * I have since seen them used in many cases, and am free to say, for hospital er private purposes I know of nothing like them. Bev. E. F. Which are the evidences of
LIVER COMPLAINT AND DYSPEPSIA.

It is estimated that seven-tenths of all adult aliments
proceed from a deceased and torpid liver. The biliary
secretions of the liver overflowing into the stomach poison the entire system and exhibit the above symptoms.
After long research, we are able to present the most
remarkable cure for these horrid nightmare diseases,
the world has ever produced. Within one year over six
hundred and forty thousand persons have taken the
PLANTATION BITTERS, and not an instance of complaint
has come to our knowledge!

It is a most effectual tonic and agreeable stimulan
saited to all conditions of life.

The reports that it relies upon mineral substances for
its active properties, are wholly faise. For the extifaction of the public, and that patients may consultheir physicians, we append a list of its components.

OALMRAYA BARK.—Celebrated for over two hundred
years in the treatment of Fever and Ague, Dyspepsia,
Weakness, etc. It was introduced into Europe by the
Countess, wife of the Vicercy of Peru, in 1840, and
afterwards sold by the Jesuits for the enormous price of
its own weight in silver, under the name of Jesuit's Procders, and was finally made public by Louis XVI, King
of France. Humboldt makes especial reference to its
febrifuge qualities during his South American travels.

OASCABILLA BAYR—For diarrhose, colic and diseases
of the stomach and bowels.

DANDELION—For inflammation of the loins and dropical affections.

CHAMOMILE FLOWERS—For enfeebled digestion. Which are the evidences of LIVER COMPLAINT AND DYSPEPSIA.

cal affections.

CHAMOMILE FLOWERS—For enfeebled digestion.

UNAMOMILE FLOWERS—FOR ENIGEDIEG digestion.
LAVENDER PLOWERS—Aromatic, stimulant and toniohighly invigorating in nervous debility.
WINTERGREEN—For scrofuls, rheumatism, etc.
ANISE—An aromatic carminative; creating flesh,
muscle and milk; much used by mothers nursing.
Also, clove-buds, orange, carraway, coriander, snakeoot, etc. S. T .-- 1860.-- X. Another wonderful ingredient, of great use among the Spanish ladies of South America, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

Messrs. Chickering & Sons:

GENTS: I have just been invited by Messrs. Collard to
try a Grand Piano-forte manufactured by you, and I
have no hestitation in endorsing the opinion of my old
friend, Mr. C. D. Collard, viz: That it is the finest instrument I over played on.

Believe me, gentlemen, most faithfully yours,

J. L. HATTON.

LONDON, July 25, 1866. Having played upon a Piano-forto made by Messra. Chickering & Sons, of Boston and New York, I have much pleasure in testifying to its general excellence. For sweetness and brilliancy of tone, delicacy of touch and magnificent power for concert purposes, I consider it a really GRAND FIANO-FORTE, AND DECIDEDLY THE BEST I HAVE SEEN OF AMERICAN MANUFACTURE.

Among the chief points of excellence of the Chicksring Pianos, of which speak the renowned artists in their congratulatory testimonials to the Mesars. Chickering, are the greatest possible depth, richness and volume of tone, combined with a rare brilliancy, clearness and perfect evenness throughout the entire scale; and, above all, a surprising duration of sound, the pure and sympathetic quality of which never changes under the most delicate or powerful touch.

During the past forty-three years this firm has manuactured

GOTTSCHALK. I consider Chickering & Sons' Pianos superior to any I consider Ohickering & rous France captures in the world.

They are unrivalled for their singing qualities and for the harmonious roundness of their tone. There is a perfect homogeneity throughout all the registers. The upper notes are remarkable for a clearness and purity which I do not find in any other instrument, while the base is distinguished for power without harshness, and for a magnificent sonority.

Your Pianes are superior to any I have ever seen the this country or in Europe.

I have never heard a tone so perfect; it yields avery expression that is needed in music, and its contity is capable of change to meet every sentiment. This is neare power, and is derived from the perfect purity of its tone, together with its sympathetic, elastic and well halanced douch.

During the past eight years I have constantly played upon the justly celebrated Erard Piance; your sare the only instruments that I have found, either here or in Europe, to equal them in all their points of excellence. It may be satisfactory to our patrons amf friends among the public at large to state that tes immonials have been received from all the leading s tisks who have visited or are now residing in the Unit ad States, a few of
